

Dear Sirs,

I was OUTRAGED to hear that Mr. Leonard Peltier, #89637-132, a greatly respected member of our society, and a model prisoner was severely beaten upon his arrival at the Canaan Federal Penitentiary. When he went into population after his transfer, some inmates assaulted him.

The severity of his injuries is that he suffered numerous blows to his head and body, receiving a large bump on his head, possibly a concussion, and numerous bruises! Also, one of his fingers is swollen and discolored and he has pain in his chest and ribcage.

I'm writing you today seeking consideration for Mr. Leonard Peltier, as the Bureau of Prisons is accountable for his safety and wellbeing, and you should know that the public will hold your offices accountable in that regard. Please, also note that Mr. Peltier was placed in solitary confinement and only given one meal, this is generally done when you won't name your attackers, whose names he doesn't know; and being only given one meal seriously jeopardizes his health, because of his diabetes.

As well, to insure that he is receiving adequate medical attention for his injuries, prison officials are releasing information on him to his family, and that he is not being discriminated against, institutionally abused, nor, being treated without dignity and respect. Certainly, your administration must be aware of what high esteem, and with what regard Mr. Leonard Peltier, is held and viewed in the world community, and your, as well as humanities' responsibility to insure his safety and wellbeing are preserved.

Thank you for your attention, time, and all your efforts.

Sincerely,
(mettre vous noms, prénoms, adresse)

Warden Ronnie R. Holt
