

Shawl «Amour»

In Morvan, there are sublime starry heavens, trees with green leaves, red, yellow depending on the season, and the legacy of the Eduens who lived there, spreading art and Celtic culture. There is a little of all this in this shawl that I loved to knit, its border reminiscent of the forest and Celtic patterns, its body dotted with glittering pearls like nocturnal stars.

For this shawl in half circle, 2 possible options: in 4 and 4.5mm depending on the thread used, and especially two qualities of yarn used: an organic cotton that clearly marks each stitch while providing a gradient of soft and harmonious color, and a mixture of alpaca and silk, ultra light and vaporous for a diaphanous effect.

It can be made with or without pearls according to the taste of each one, and if it is beaded, either in colorless for the brilliant touch, or in color to raise more the shade of the shawl.

Material:

Option 1: [Algasoie Unie Plassard](#), 4 balls.

Circular needles 4,5mm .

Option 2: [Zauberball Cotton Organic](#), 2 balls recommending either the [Rome Antique](#) or [Bleu de travail](#) colors that are in shades of the same hue, A circular needles 4mm .

Common material for both options: Cable needle, beads(for the body of the shawl 197 pbeads, edge 300 beads). A fine hook to insert beads, (0,5mm or 0,75mm). Blocking kit, T pins.

Increase row 8 : k3, Yo, *k69, m1* finish with Yo, k3. (358st). Do not make a wrong side row, cut the thread at 20 cms, and begin the edge.

Edge of the shawl :

To make this edge, you can use the following written explanations or refer to the diagram at the end of the pattern. The edge is knitted perpendicularly to the body of the shawl, the stitches of the body of the shawl are connected to each row at the edge by knitting two stitches together : the first one which appears at the level of the body of the shawl and the first of the edge row (follow the written directions or diagram for detail). The number of stitches of the edge changes, to check that the number is just row by row, refer to the summary table at the end of the pattern.

For the work with diagram or with written explanations: at the end of the increase 8, cast on 19 stitches on the right needle (to put the shawl on the right side in front of you, then when the stitches are casted on, to put the needles face to face with the shawl on the right side.), and knit:

Rows (right side) 1, 3, 5 and 7 : **K2togE**, k18.

Rows (wrong side) 2, 4, 6 and 8 : k19.

After the row 8, cstart knitting the motive (or follow the diagram) :
