### Teacher's card one

**Countries:** the U.S.A., Germany, France, Italy, Korea, Japan, England, Australia, Brazil, Canada

**Hobbies:** movies, skiing, golf, baseball, computers, reading, tennis, hiking, walking, running, swimming, cooking, video games, shopping, music, art, English, playing, dodge-ball

**Favorite Foods:** hamburgers, hotdogs, pizza, steak, French fries, sushi, ramen, tempura, spaghetti, chicken, fish, sandwiches, eggs, sausage, cheese, carrots

**Favorite Desserts:** cake, ice cream, apple pie, fruit, parfait, cookies, chocolate, pudding, muffins, doughnuts, Japanese sweets

**Schedule:** the schedule is composed of seven verbs; read, watch ~, clean, study, go to ~, play ~, and work/do homework\*

Those with the ~ after them require additional information ex. watch TV, watch (program), watch movies, etc.

\*For children *work* has been substituted with *do homework*

### Teacher's card two

The cards can be used to practice a variety of different questions and answers. The students can assume the personalities and play as the person on the card or take the personality as a friend and play in the third person.

What's your name? Where are you from?

How old are you? How tall are you?

What do you do? Where do you work?

When's your birthday?

What did you do last Saturday?

What do you do on Saturdays?

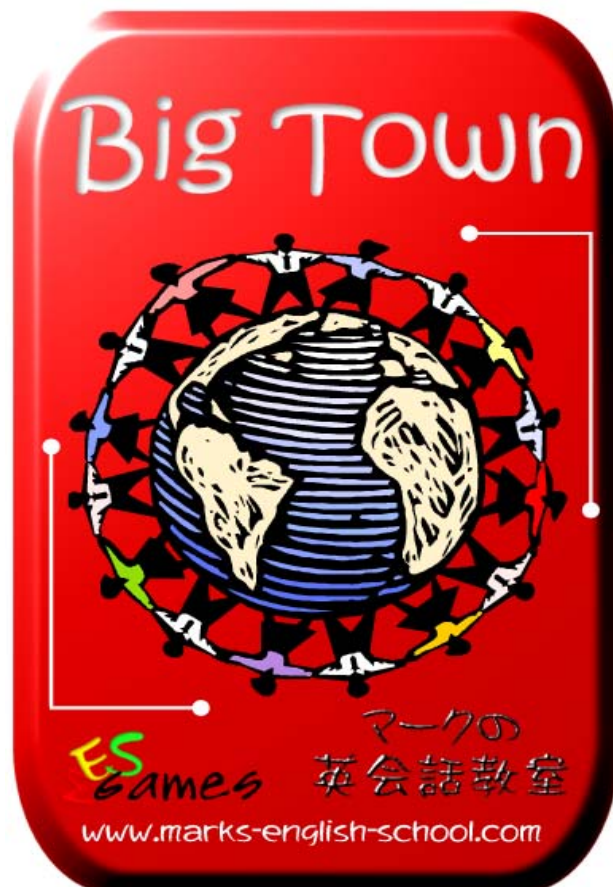

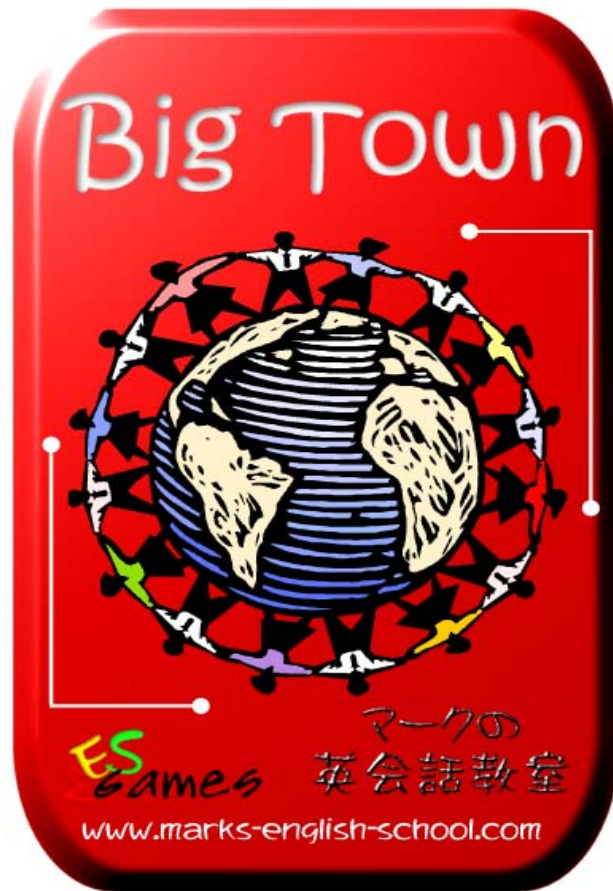

Are you going to play tennis on Saturday?

What's your favorite food?

Are you from Canada?

There are many more possibilities and again, they can be used in the third person as well.

For more detailed information see: [www.mes-english.com](http://www.mes-english.com)

## Teacher's card three: The Games

### 1. How old/How tall

Each student is given at least one card.

A. The students greet each other in a class appropriate way.

Hi. My name is ... What's your name?

Hi, XXX. This is my friend OOO. etc.

B. They ask one question according to what you want the students to practice.

C. The students play rock paper scissors and the winner can ask one of 2 questions.

How tall are you? or How old are you?

The higher number wins and gets the opponent's card. They place both cards on the bottom of their pile. Then they go find another partner and play again. If a player loses all his cards, he should ask the teacher for another.

### 2. Guessing Games

Played as above with steps A B C, but students ask yes/no questions to each other until one guesses correctly. Then that person receives the card. ex. Did you play tennis on Monday?
